

## Week 6: Maths Picture Puzzles 18 05 20

### True or False Puzzle 1

Look at the picture below and say whether the statements are true or false. The key information you need is in **bold**.

Then make up some of your own and test them on a friend.

- The **trees** are **below** the **rainbow**.
- The **cat** is **above** the **cloud**.
- The **owl** is on **the left** of the **church**.
- The **helicopter** is **between** the **ladybird** and the **cloud**.
- The **rainbow** is **above** the **envelope**.
- The **parcel** is on the **same row** as the **cat**.
- The **mountain** is in the **same column** as the **lighthouse**.

### True or False Puzzle 2

Look at the picture below and say whether the statements are true or false. The key information you need is in **bold**.

Then make up some of your own and test them on a friend.

- The **0** is in the **second column**.
- There are **four numbers** in the **2 x table** in the **top row**.
- **All** the numbers in the **first column** are **odd**.
- The **sum of all the numbers** in the **2<sup>nd</sup> column** is **38**.
- There are **two multiples of 5** altogether.
- The **second row** has the **most 2 digit numbers** in it.
- There is **multiple of 2** in **every column**.
