

September 2020: Maths Puzzle

Can you work out what the number relates to using the clue?

Here is an example 8 S on an O = 8 sides on an Octagon

12 M in a Y	60 M in an H
180° in a T	A 'P' is used to measure A
6 S on a H	1000 ml in a L
$\frac{1}{2}$, $\frac{2}{4}$ and $\frac{3}{6}$ are all EF	7 D in a week
30 D have S,A,J, M	PL's never meet
5,10,15,20 are M of F	An ET had 3 EA
2,3,5 are the first 3 PNs	1,2,3,4,6,12 are all F of 12.
100 R in a C	90° in a RA
1000 Kg in one T	There are 4 RA in a R
36 is a SN	66 is not a PN
